## ***Praise and Answers to Prayer***

***1. John, Fernanda and Bobby's safe arrival in Brazil!***

***2. John's new roof has been completed.***

***3. Paperwork for the land at the Center is nearing completion.***

***4. Another foreign prisoner in Fortaleza has requested Bible study lessons.***

***5. The dollar has increased in value against the real!***

Dear Praying Friends,

We are extremely grateful for how the Lord has helped us this month. It has been wonderful to have John and family back with us again. They came back to an extremely difficult situation involving the young man that stayed in their home while they were away. The Lord has strengthened them through these days and given them wisdom as they worked through things with the parents and young man. The parents took full responsibility for both cell phone bills and helped with some other things that were taken from the house. Please continue to pray for this family, especially for the young man's repentance and of course for John and Fernanda too!

John's house with a new roof!

This coming Sunday Bobby will be a year old. We are so thankful for this precious gift from the Lord and will be having a special thanksgiving service at the church on Sunday night.

John and Fernanda were able to visit the little town in the interior where John's Scripture sign is. Fernanda talked with several children at a school who indicated that they had read the gospel of John previously received and were anxious to read the book of Romans that Fernanda was offering. John also had a good chat with one of the men from the town. Please continue to pray for them and future steps in this ministry.

Just in the last few days, Robynn has experienced yet another relapse of shingles. Please pray much for her recovery! She spent a week resting and is slowly starting back to work. Please also pray for wisdom as she considers expanding the ministry to foreign prisoners in Brazil. She recently heard that there are more than three thousand in Brazil and is burdened to see what can be done to reach them.

Hannah has had a couple of contacts from different schools about the Bible and English classes for next year. Please pray for wisdom as this school year closes and plans are made for the new school year starting in March 2012.

Once again we thank you for your prayers!

Love,

The Renos in Brazil
