

## April Update

Dear Praying Friends,

We just finished a week of missions conference at El-Shadai. We are thankful that our people worked hard to be in every service possible and we also saw an increase in faith promises. Please pray that the believers will take seriously the challenge to do all they can as witnesses of our Lord.

Robynn leaves for the States April 2<sup>nd</sup>. Please pray for her trip and time there. She is planning on staying in Hagerstown for April and May, as she helps our parents before and during Mom's surgery. She would be thrilled to visit with you during June or July. If you are interested in her coming by please contact her at 301-992-3519, [robynnreno@gmail.com](mailto:robynnreno@gmail.com) or through her Facebook account.

Thank you for praying for Bobby. He continues to struggle health wise but the doctor is trying a new round of anti-biotics. We are thankful for some improvement and that for now surgery will not be necessary. This also has been a rough month physically for John, Fernanda, Deborah and Robynn. Please continue to pray for health and strength for each of us!

Our hearts continue to be amazed at the open doors in nearby villages. This month we were able to start the Bible class at the Yellow Wood school as well as a children's Bible club in Jutaizinho. We also were invited to hold Bible classes in a first through eighth grade school in Santo Antonio. Robynn is looking forward to starting those classes upon her return in September.

Thank you for your prayers and financial gifts that make it possible for us to be active in this part of the Lord's harvest fields.

Love in Him,

The Renos in Brazil
